Admission Session: 2021-2022; Exam: Mid Term
Marks: 20; Time: 01 Hour; Course Code: CSE-2207, Course Title: Operating Systems

| 1. | Consider the following set of process with CPU burst time. | 10 |

Process	Burst Time
P1	7
P2	20
P3	10
P4	5
P5	10

Consider the FCFS, SJF Non-Preemptive and Round Robin (Quantum = 10) scheduling algorithms and calculate average waiting time to find which algorithm would give the minimum average waiting time.
